MANAGEMENT REPORT

After several years of looking for suitable investors and strategic partners who can infuse financial resources and provide it with a solid business base, the Company finally reached agreement in principle with the IPM group of companies in late 2012, for the subscription by the IPM group to 500,000,000 shares of the Company at a total subscription price of ₱500,000,000, and the acquisition by the company of a 75% equity interest in Basic Environmental Systems and Technologies, Inc. (BEST), a member company of the IPM group.

These transactions were approved by the stockholders of the Company representing at least two-thirds of the Company's outstanding capital stock in its meeting on February 8, 2013. The subscription agreements and related documents to implement the transactions were executed on March 4, 2013.

With over ten years of operation as a solid waste management contractor and provider of consultancy services for waste management, public cleansing, sanitation and general hygiene, BEST is a leading player in the solid waste management industry and at the forefront of technology for the handling and utilization of solid waste.

In the next several years, the Company intends to focus on growing BEST through the expansion of its municipal solid waste contracting business and establishment of additional facilities for the processing and conversion of solid waste into alternative fuel for the cement and power generation industries. BEST is thus envisioned to provide significant income growth for the Company and its shareholders, particularly in light of the growing demand for renewable energy sources amid the burgeoning waste production of the rapidly growing urban population in the country.

Without detracting from this initial business focus, the Company shall also look at opportunities for investing in other industries which can draw on and take advantage of the core capabilities of BEST and its affiliates in the IPM group.

GENER T. MENDOZA
President

PART I – BUSINESS AND GENERAL INFORMATION

Item 1. Business

OVERVIEW

Minerales Industrias Corporation (“MIC” or the “Company”), formerly Multitech Investments Corporation was originally organized as a diversified holding company. It was incorporated on August 31, 1995 under the name Armstrong Holdings Corporation as a company primarily engaged in the business of investment in real and personal property of every kind and description; and in the management of any business, joint venture firm, partnership, corporation, institution or entity.

The Company started commercial operations on September 4, 1995 with an initial capitalization of Php 60.0 million. On October 27, 1997, the Company’s Board of Directors authorized the additional issuance of shares of stock amounting to Php 60.0 million from the unissued portion of the Company’s authorized capital stock at a par value of Php 1.00 per share.

On June 14, 1998, MIC listed its shares of stock in the Philippine Stock Exchange. The Company offered for subscription to the public, sixty million (60,000,000) unclassified common shares at an offer price equal to its par value of Php 1.00 per share, increasing the Company’s capitalization to Php 180.0 million. The offer accounted for 33.3% outstanding capital stock of the Company. Proceeds from the offering amounting to Php 58.2 million were used to partly finance the additional equity investment in Orion Savings Bank Inc.

On December 10, 1999, the Company’s stockholders and board of directors approved the increase in its authorized capital stock from 240.0 million shares to 740.0 million shares, all with par value of Php 1.00. On the same date, the Board of Directors resolved to amend the Articles of Incorporation and By-Laws of the Company, changing the name of the Company to Multitech Investments Corporation. The resolutions were ratified and approved by the stockholders during its annual meeting in June 2000.

On July 26, 2007 and August 31, 2007, the Board of Directors and stockholders, respectively approved the amendment of the Articles of Incorporation in order to (a) change the corporate name of the company from Multitech Investments Corporation to Minerales Industrias Corporation, (b) change its principal office from Pasig City to Makati City and (c) change the primary purpose clause of the Company to reflect the shift from being an investment company to a mining company.

On September 24, 2007, the Securities and Exchange Commission (SEC) approved the change in company name and primary purpose. The change in registered address was subsequently approved by the SEC on January 14, 2008.

On December 29, 2009, the Board of Directors approved the private placement of a total of 10.0 million common shares out of the unissued authorized capital stock of the Company at a subscription price of ₱1.00 per share. Of the total issue price of ₱10.0 million, P5.045 million was paid to the Company on December 31, 2009 while the balance was settled in full on February 1, 2010.

On January 29, 2010 and February 1, 2010, the Company’s shareholders paid for the outstanding subscriptions receivable amounting to P3,655,000 and P1,300,000, respectively.

On November 20, 2012, the Board of Directors approved the subscription of the IPM group of companies to a total of 500,000,000 shares out of the Php500,000,000 increase in the authorized capital stock of the Company previously approved by the stockholders, at a total subscription price of of Php500,000,000, payable in cash. Also, the Board of Directors authorized the acquisition of 615,000,000 shares in Basic Environmental Systems and Technologies, Inc. (BEST) at par value of ₱1 per share, which will constitute 75% of the resulting outstanding capital of BEST. BEST is a corporation engaged in contracting and consulting business for waste management, public cleansing, sanitation and general hygiene to provide comprehensive waste disposal services.

On February 8, 2013, the stockholders of the Company representing at least two thirds of the outstanding capital stock approved the subscription by the following within the IPM group of companies or any of their designees/nominees to a total of 500,000,000 shares out of the ₱500,000,000 increase in the authorized capital stock of the Company previously approved by the shareholders, at a total subscription price of ₱500,000,000, payable in cash: (a) IPM Construction and Development Corporation, ₱ 350,000,000; (ii) IPM Environmental Services, Inc., ₱100,000,000; and (b) IPM Realty and Development Corporation, ₱50,000,000. On the same date, the stockholders approved the amendment of the primary purpose of the Company to enable the Company to revert to being a holding company and give it more flexibility in looking for suitable investments.

On February 11, 2013 and February 12, 2013, the Company received ₱50,000,000 and ₱450,000,000, respectively, as deposits for the said subscription to the proposed increase in the authorized capital stock of the Company. On March 4, 2013, the Company acquired shares in BEST and subscription rights from various stockholders of BEST amounting to ₱450,000,000 and ₱12,500,000, respectively, which resulted in the Company obtaining 75% interest in BEST, thereby treating BEST as its subsidiary starting March 4, 2013.

The Company will file with the SEC the corresponding application to increase its authorized capital stock to ₱740,000,000 shortly.

BUSINESS DESCRIPTION

MIC embarked on its first strategic investment in August 1996, acquiring a 20% stake in Armstrong Securities, Inc. (ASI) in partnership with EBC Capital Corporation. Nine months later, the Company, together with Tong Yang Group of Korea, established a thrift bank, Orion Savings Bank Inc. (the "Bank"). In 1998, the proceeds from the offering of shares to the public were used for the additional investment of MIC in the Bank. The additional investment increased MIC's ownership stake in the Bank from twenty percent (20%) to forty percent (40%).

To provide diversity in the portfolio, the Company also invested in Altech Fabrication Industries, Inc., a manufacturer and contractor of aluminum building materials. The foregoing investment was subsequently sold in 1997.

In September 1999, Mr. Dante T. Tan acquired for Php 294.25 million, a 59% equity stake in the Company, equivalent to 107.0 million shares. Capitalizing on the strong showing of its investee companies, the Company sold Armstrong Securities Inc. and Orion Savings Bank to Golden Maple Holdings, Inc. and Harrigold Assets, Inc., respectively, for a total consideration of Php 152.3 million in September 1999. The Company then purchased Php 191.0 million worth of shares of BW Resources Corporation (now known as "Fairmont Holdings Inc.").

In November 1999, a Subscription Agreement was executed by and between the Company and Mr. Dante T. Tan, for the latter to subscribe to sixty million (60,000,000) new common shares from the unissued authorized capital stock of the Company, for a total subscription price of Php 60.0 million.

In May 2000, Mr. Dante T. Tan had asked for the rescission of the subscription agreement. Likewise, Mr. Tan also has written the Company expressing his withdrawal of interest in further subscribing to the 500 million common shares of the Company which shall come from the Company's intended increase in authorized capital stock. The Board of Directors has since resolved to rescind the subscription contract on the 60.0 million common shares and to accept the withdrawal of interest in the subscription of the 500.0 million common shares of Mr. Tan.

In April 2002, a Subscription Agreement was signed between the Company and the shareholders of Intercontinental Paper Industries, Inc. (IPII) where the latter will subscribe to the intended increase of authorized capital stock of 500,000,000 common shares and to the 60,000,000 million common shares from the unissued authorized capital stock of the Company at Php1.00 par value. The new Subscribers will pay for the additional shares with 560,000,000 common shares ("IPII Shares") with par value of Php1.00 per share. The IPII Shares represent 100% of the outstanding capital common stock of IPII.

After the issuance by the Company of the additional shares to the New Subscribers and the transfer of the New Subscribers' IPII shares to the Company, the paper manufacturing company shall be owned 100% by the Company. In April 2007, the Subscription Agreement with Shareholders of Intercontinental Paper Industries Inc. (IPPI) was been rescinded.

After several years of looking for suitable investments, MIC finally reached agreement with the IPM group of companies in late 2012 for: (i) the subscription by the IPM group to 500,000,000 shares of the Company at a total subscription price of P500,000,000, and (ii) the acquisition by the company of a 75% equity interest in BEST, a member company of the IPM group, using the proceeds of the IPM group subscription. These transactions were approved by the stockholders of the Company representing at least two-thirds of the Company's outstanding capital stock in its meeting on February 8, 2013. The subscription agreements and related documents to implement the transactions were executed on March 4, 2013.

INDUSTRY TRENDS/COMPETITION

BEST is one of the few players in the solid waste management contracting industry which owns and operates its own sanitary landfill facility, having established the Morong Sanitary Landfill in 2008 to cater to the waste disposal needs of the cluster towns of Morong, Teresa, Baras and Cardona. In addition, it maintains under contract with its affiliate, IPM Environmental Services, Inc. (IPM ESI), the latter's Quezon City Sanitary Landfill in Payatas which receives the solid waste of Quezon City. Moreover, it has a large fleet of dump trucks and other hauling/materials handling equipment that it uses for its waste collection and management contracts.

An emerging trend in the solid waste management industry is the so-called refuse-derived fuel (RDF) which involves the processing of solid waste into fuel for the cement and power generation industries, in substitution for coal. The production of RDF not only reduces industry's dependence on fossil fuels but also prevents the accumulation of waste matter in landfills, extending the latter's service life to the benefit of the general populace.

BEST is at the forefront of this new technology, through the first ever RDF facility constructed in the country, which is owned by a BEST affiliate, Mundo Verde Corporation, a joint venture with La Farge Industrial Ecology International, SA and IPM ESI. After this first facility which went into operation in early 2013, BEST is seen as the lead company within the IPM group to undertake additional RDF plants, utilizing waste collected in IPM ESI's Quezon City Landfill, transfer stations operated by another affiliate, IPM Construction and Development Corporation, and BEST's own landfill in Morong.

In the next several years, the Company intends to focus on growing BEST through the expansion of its municipal solid waste contracting business and establishment of additional facilities for the production of RDF. BEST is thus envisioned to provide significant income growth for the Company and its shareholders, particularly in light of the growing demand for renewable energy sources amid the burgeoning waste production of the rapidly growing urban population in the country, and BEST's unique position as a pioneer in RDF technology and its ready access to RDF feedstock.

HUMAN RESOURCES

The Company had no employee in 2006, 2005, 2004, 2003 and an average of two (2) employees in 2002, both of whom are regular and categorized as rank and file (operations) employees. The employees were not subject to any collective bargaining agreements.

Starting in September 2007, the Company hired a full time accountant and liaison staff to handle its accounting and administrative functions.

Item 2. Properties

In 2012, the Company had no capital expenditures and there is no scheduled property acquisition for the next twelve (12) months.

In 2002, the Company sold all its office equipment and furniture and fixtures with a book value of Php 34,385.00.

Item 3. Legal Proceedings

The Company has no subsidiary or affiliates, and is not a party to and none of its property is the subject of any pending litigation or legal proceeding.

Item 4. Submission of Matters to a Vote of Security Holders

Other than the election of directors, approval of minutes of the 2011 annual stockholders' meeting, appointment of external auditors, and ratification of corporate acts, there were no other matters submitted to a vote of the security holders in 2012.

PART II – OPERATIONAL AND FINANCIAL INFORMATION

Item 5. Market for Issuer's Common Equity and Related Stockholders Matters

(1) MARKET INFORMATION

The shares of the Company are listed and traded in the Philippine Stock Exchange. The high and low closing prices of the Company's shares for each quarter within the last two (2) years are as follows:

Year	Quarter	High (in Php)	Low (in Php)
2011	First	3.11	2.60
	Second	2.85	2.10
	Third	6.24	2.51
	Fourth	4.60	3.40
2012	First	5.80	4.48
	Second	5.70	4.38
	Third	5.85	4.96
	Fourth	6.63	4.70

The closing prices of the Company's shares as of the latest practicable trading dates are as follows:

Year	Month/Date	Closing Price (in Php)
2013	January 31	7.34
	February 28	6.40
	March 31	6.59

(2) HOLDERS

The Company has only common stock, with P1.00 par value. As of December 31, 2012, the number of common shares issued and outstanding was 190.0 million shares, held by a total of 129 stockholders. The top twenty (20) stockholders of the Company as of December 31, 2012 were as follows:

Name	No. of Shares	Percentage to Total
1. PCD Nominee Corporation (Filipino)	166,859,774	87.82%
2. Jewelle Y. Lao	7,168,997	3.77%
3. PCD Nominee Corporation (Non-Filipino)	2,709,000	1.43%
4. William D. Ty	2,000,000	1.05%
5. Victoria M. Vazquez	2,000,000	1.05%
6. Gener T. Mendoza	1,855,000	0.98%
7. Jocelyn Y. Lao	1,800,000	0.95%
8. David L. Kho	1,790,000	0.94%

TOTAL	189,343,771	99.65%

(3) DIVIDENDS

No dividends, either in cash or stock, were declared on the shares for the last four (4) years, i.e., 2012, 2011, 2010 and 2009. There are no restrictions that limit the ability to pay dividends on common equity

but the Company, as a general rule, shall only declare from surplus profit as determined by the Board of Directors so long as such declaration will not impair the capital of the Company.

(4) RECENT SALES OF UNREGISTERED SECURITIES

No sales of unregistered securities or shares of the Company were made during the past five (5) years.

Item 6. Management’s Discussion and Analysis or Plan of Operation

PLAN OF OPERATIONS

As a holding firm, the Company’s initial investment is a controlling stake in BEST, a major waste management contracting and consulting firm.

In the next several years, the Company intends to focus on growing BEST through the expansion of its municipal solid waste contracting business and establishment of additional facilities for the processing and conversion of solid waste into alternative fuel for the cement and power generation industries.

Without detracting from this initial business focus, the Company shall also look at opportunities for investing in other industries which can draw on and take advantage of the core capabilities of BEST and its affiliates in the IPM group.

MANAGEMENT’S DISCUSSION AND ANALYSIS

Audited Financial Statements as of December 31, 2012

2012

Income

No significant income was recognized for the year, as compared to the Php0.086 million income posted in 2011, derived mainly from gain on sale of marketable securities.

Expense

Operating expenses for the year amounted to Php1.84 million (excluding provision for impairment of Php.09 million). This is an increase of 20% over the Php1.53 million (excluding provision for impairment of Php1.99 million) reported in 2011. The mainly came from the increase in professional fees of Php0.09 million and payment of directors’ per diem of Php0.16 million.

Net Income/ (Loss)

The twelve-month operation of the Company ended with a net loss of Php1.86 million compared to the net loss of Php3.42 million in 2011. The difference is largely due to the provision for impairment of input VAT and creditable withholding tax amounting to Php0.85 million and Php1.14 million made in 2011.

Financial Condition

Statements of financial position data	December 31, 2012	December 31, 2011	% Inc/ (Dec)
Total Current Assets	1,713,736	3,565,263	(52.0%)
Total Assets	1,713,736	3,565,263	(52.0%)
Total Current Liabilities	125,124	119,412	4.78%
Total Stockholders’ Equity	1,588,612	3,445,851	(53.90%)

The material changes in the statements of financial position are as follows:

- Total assets decreased by 52% from Php3.57 million in 2011 to Php1.71 million in 2012 largely due to the use of the Company's cash balance for operating requirements.
- Cash and cash equivalents thus went down by 52% from Php3.57 million in 2011 to Php1.71 million in 2012.
- Current ratio decreased from 29.86x in 2011 to 13.70x in 2012; net working capital totaled Php1.59 million in 2012 as compared to Php3.45 million in 2011.
- Total stockholders' equity went down by 53.90% from Php3.45 million in 2011 to Php1.59 million in 2011, due to the net loss incurred for 2012.

Liquidity and Capital Resource

For the year ended December 31, 2012, net cash used in operations amounted to Php1.85 million as compared to Php1.6 million in 2011. The 2012 total includes the net loss of Php1.84 million and interest income of Php0.09 million. For 2012, provision for impairment of Php0.9 million was recognized on the input VAT balance. Prepaid and other current assets increased by Php0.09 million while accrued expenses and other payables remained flat.

2011

Income

Income for the year amounted to Php0.086 million, derived mainly from gain on sale of marketable securities. This is 24% lower than the Php0.13 million income posted in 2010.

Expense

Operating expenses for the year amounted to Php1.53 million (excluding provision for impairment of Php1.99 million). This is a slight increase of 4.8% over the Php1.46 million reported in 2010.

Net Income/ (Loss)

The twelve-month operation of the Company ended with a net loss of Php3.42 million compared to the net loss of Php0.13 million in 2010. This was mainly due to the provision for impairment of input VAT and creditable withholding tax amounting to Php0.85 million and Php1.14 million, respectively.

Financial Condition

Statements of financial position data	December 31, 2011	December 31, 2010	% Inc/ (Dec)
Total Current Assets	3,565,263	6,896,096	(48.3%)
Total Assets	3,565,263	7,050,420	(49.4%)
Total Current Liabilities	119,412	117,374	1.7%
Total Stockholders' Equity	3,445,851	6,933,046	(50.3%)

The material changes in the statements of financial position are as follows:

- Total assets decreased by 49.4% from Php7.05 million in 2010 to Php3.57 million in 2011 largely due to the impairment of input VAT and creditable withholding tax totaling Php1.99 million.

- Cash and cash equivalents went down by 28.7% from Php4.97 million in 2010 to Php3.55 million in 2011.
- Current ratio decreased from 58.75x in 2010 to 29.86x in 2011; net working capital totaled Php3.45 million in 2011 as compared to Php6.78 million in 2010.
- Total stockholders' equity went down by 50.3% from Php6.93 million in 2010 to Php3.45 million in 2011, due in large part to the provision for impairment as mentioned above.

Liquidity and Capital Resource

For the year ended December 31, 2011, net cash used in operations amounted to Php1.6 million as compared to Php1.8 million in 2010. The 2011 total includes the net loss of Php3.42 million and gain on sale of marketable securities of Php0.09 million. For 2011, provision for impairment of Php1.99 million was recognized on the input VAT and creditable withholding tax balances. Prepaid and other current assets increased also by Php0.08 million while accrued expenses and other payables remained flat.

2010

Income

Income for the year amounted to Php0.11 million, derived mainly from gain on sale of marketable securities. This is Php0.15million lower than the Php0.28 million income posted in 2009.

Expense

Operating expenses for the year increased by 32% from Php1.11 million in 2009 to Php1.46 million in 2010. This is due largely to expenses incurred in connection with the issuance of the Php10 million private placement shares, approved by the Company's board of directors in December 2009 and completed in early 2010. The following expenses increased: (a) professional fees by 66% from Php0.327 million in 2009 to Php0.543 million; (b) salaries and wages by 24% from Php0.29 million to Php0.36 million; and (c) stock listing fee by 8% from Php0.25 million to Php0.27 million.

Net Income/ (Loss)

The twelve-month operation of the Company ended with a net loss of Php1.33 million compared to a net loss of Php0.833 million in 2009.

Financial Condition

Statements of financial position data	December 31, 2010	December 31, 2009	% Inc/ (Dec)
Total Current Assets	6,896,096	3,953,749	74.4%
Total Assets	7,050,420	4,362,103	62%
Total Current Liabilities	117,374	1,076,023	(89.1%)
Total Stockholders' Equity	6,933,046	3,286,080	111%

The material changes in the statements of financial position are as follows:

- Total assets went up by 62% from Php4.36 million in 2009 to Php7.05 million in 2010 due to the full settlement of the subscriptions receivable on the Php10 million private placement shares.
- Cash and cash equivalents increased by 136% from Php2.1 million in 2009 to Php4.97 million in 2010; total liabilities declined by 89.1% from Php1.076 million to Php0.117 million due to the settlement of outstanding liabilities, including shareholders advances.

- Current ratio increased from 3.67x in 2009 to 58.75x in 2010; net working capital totaled Php6.78 million in 2010 as compared to Php2.88 million in 2009.
- Total stockholders' equity went up by 111% from Php3.29 million in 2009 to Php6.93 million in 2010 with the completion of the private placement of shares in early 2010.

Liquidity and Capital Resource

For the year ended December 31, 2010, net cash used in operations amounted to Php1.8 million as compared to Php0.90 million in 2009. The 2010 total includes the net loss of Php1.33 million and gain from sale of marketable securities of Php0.11 million. Prepaid and other current assets increased by Php0.08 million while accrued expenses and other payables decreased by Php0.27 million.

Advances from shareholders were fully paid, resulting in the decrease in accounts payable by Php0.685 million.

Key Performance Indicators

Since the company is not in commercial operations, its key performance indicators are as follows:

KPI	Calculation	December 31, 2012	December 31, 2011	December 31, 2010
Current Ratio (1)	Current Assets/Current Liabilities	13.70x	29.86x	58.75x
Quick Ratio (2)	Cash /Current Liabilities	13.54x	29.69x	42.34x
Debt to Equity Ratio (3)	Liabilities/ Stockholders' Equity	0.08x	0.03x	0.02x
Book Value per share (4)	Total Assets –Total Liabilities/ Outstanding Shares	0.008	0.018	0.04
Loss per Share (5)	Net Loss/Weighted Average Number of Shares Outstanding	(0.010)	(0.018)	(.007)

	<u>December 31, 2012</u>	<u>December 31, 2011</u>	<u>December 31, 2010</u>
(1) Current Ratio	1,713,736/125,124	3,565,263/119,412	6,896,096/117,374
(2) Quick Ratio	1,693,736/125,124	3,545,263/119,412	4,969,760/117,374
(3) Debt to Equity	125,124/1,588,612	119,412/3,445,851	117,374/6,933,046
(4) Book Value/Share	1,588,612/190,000,000	3,445,851/190,000,000	6,933,046/190,000,000
(5) Loss per Share	1,857,239/190,000,000	3,424,062/190,000,000	1,334,004/190,000,000

The Current Ratio is a general and quick measure of a company's liquidity. It represents the ratio of all current assets to all current liabilities. It is also known as the "Working Capital Ratio" because working capital is the excess of current assets over current liabilities.

The Quick Ratio is another measure of a company's liquidity. It is used to measure a company's ability to pay its liabilities using assets that are cash or very liquid.

The Debt to Equity Ratio is a measure of leverage, or the relative amount of funds provided by lenders and owners. This measures the amount of debt being used by the Company.

Book Value per Share is a measure of stockholders' equity. It represents the difference between total assets and total liabilities then divide that total by the number of common shares outstanding.

Loss per Share is computed by dividing the net loss by the weighted average number of common shares outstanding.

No disclosures nor discussions were made for the following since these did not affect the past and present operations nor the foreseeable future operations of the Company: (a) default or breach of any note, loan, lease or other indebtedness or financing arrangement requiring it to make payments; (b) any significant amount of the Company's trade payables which has not been paid within the stated terms; (c) any significant purchase commitment for capital expenditures; (d) any seasonal aspects that have material effect on the financial condition or results of operations; (e) any known trends, events or uncertainties that have had or will have an impact on net sales or revenues.

Item 7. Financial Statements

The financial statements and schedules listed in the accompanying Index to Financial Statements and Supplementary Schedules are filed as part of this Form 17-A.

Item 8. Changes in and Disagreements with Accountants on Accounting and Financial Disclosure

There were no changes in and disagreements with accountants on accounting and financial disclosure.

Audit and Audit-Related Fees

MIC paid its auditors the following fees for the last two years for professional services rendered:

Year	Audit Fees	Tax Fees	All Other Fees
2012	Php 100,000.00	-	-
2011	100,000.00	-	-

d. The names and nationalities of the incorporators of the Company are as follows:

Name	Nationality
Tony O. King	Filipino
Pacita K. Yap	Filipino
Felisa D. King	Filipino
Alberto Ty	Filipino
Joselyn C. Tiu	Filipino

(2) SIGNIFICANT EMPLOYEES

There are no employees identified for disclosure to which the operational decisions and strategies of the Company are entirely dependent on.

(3) FAMILY RELATIONSHIP

Ms. Isabelita P. Mercado is the mother of Mr. Francis Neil P. Mercado. Apart from the foregoing, there are no other family relationships, either by consanguinity or affinity, among the directors and executive officers of the Corporation.

(4) RESIGNATION/RE-ELECTION

Ms. Victoria M. Vazquez resigned as a member of the Board of Directors/Independent Director and Chairman of the Board, effective July 9, 2012. Atty. Alfredo P. Javellana II was elected as new independent director/Chairman of the Board.

(5) INVOLVEMENT IN CERTAIN LEGAL PROCEEDINGS DURING THE PAST 5 YEARS

The Company is not aware of any civil or criminal legal proceedings filed against any one of its directors, executive officers or control persons during the last five (5) years up to present.

Item 10. Executive Compensation

(1) COMPENSATION TABLE

The following is a summary of the aggregate compensation paid or accrued during the last two fiscal years, i.e. 2012 and 2011, to the Company's Chief Executive Officer and other most highly compensated executive officers who are individually named, and to all other officers and directors of the Company as a group:

Name and Principal Position	Year	Salary	Bonus	Other Annual Compensation
Alfredo P. Javellana II <i>Chairman</i>	2012 - July 11			
	2012 - Dec 31			
Gener T. Mendoza <i>President</i>	2011 - Jan 01			
	2012 - Dec 31			
Isabelita P. Mercado <i>Director and Treasurer</i>	2011 - Jan 01			
	2012 - Dec 31			
Antonio Victoriano F.Gregorio III <i>Director</i>	2011 - July 27			
	2012 - Dec 31			
William D. Ty <i>Independent Director</i>	2011 - Jan 01			
	2012 - Dec 31			
Francis Neil P. Mercado <i>Director</i>	2012 - May 23			
	2012 - Dec 31			
Joseph Quintin Y. Lao <i>Director</i>	2012 - May 23			
	2012 - Dec 31			
TOTAL OF THE GROUP	2011		0	
	2012		0	

In May 23, 2012, the Board of Directors approved the grant of per diem to members of the Board of Directors, for every attendance at regular meetings of the board. The *per diem* are as follows: (i) Chairman of the Board Php20,000.00, (ii) Regular Directors Php10,000.00, and (iii) Independent Directors Php10,000.00.

There is no contract covering their employment with the Corporation and they hold office by virtue of their election to office. The Corporation has no agreements with its named executive officers regarding any bonus, profit sharing, pension or retirement plan.

(2) COMPENSATION OF DIRECTORS

a. Standard Arrangements

The Company provided standard compensatory arrangements with its Directors and Officers prior to August 31, 2007. They are provided fixed monthly fees until June 2005. The incumbent directors do not receive any compensation for their services.

b. Other Arrangements

None executed for the last five-years of operations other than the above-mentioned standard arrangements.

(3) EMPLOYMENT CONTRACTS AND TERMINATION OF EMPLOYMENT AND CHANGE-IN CONTROL ARRANGEMENTS

None executed by the Company for the last three years of operations

Item 11. Security Ownership of Certain Beneficial Owners and Management

(1) Security Ownership of Certain Record and Beneficial Owners

The following table sets forth as of December 31, 2012, the record and/or beneficial owners of more than 5% of the outstanding common shares of the Corporation and the amount of such record and/or beneficial ownership.

Title of Class	Name and Address of Record Owner and Relationship with Issuer	Name and Address of Beneficial Owner and Relationship with Record Owner	Citizenship	Number of Shares Held	Percent of Class
Common	PCD Nominee Corporation	The beneficial owners of such shares are Philippine Depository & Trust Corporation (PDTC) participants who hold the shares on their behalf or on behalf of their clients	Filipino	166,859,774	87.82

Below is the list of the record owners under PCD account holding more than 5% of the outstanding capital stock of the Corporation:

Title of Class	Name and Address of Record Owner and Relationship with Issuer	Citizenship	Number of Shares Held	Percent of Class
Common	Meridian Securities, Inc. Suite 2702 B&C Tektite Tower 1 Ortigas Centre, Pasig City	Filipino	45,159,400	26.63%

Common	Angping & Associates Securities, Inc. Suites 2002/2004, The Peak, 107 Alfaro St., Salcedo Village, Makati City	Filipino	19,663,800	11.60%
Common	Wealth Securities, Inc. 2103 PSE Centre, Exchange Road Ortigas Centre, Pasig City	Filipino	14,824,600	8.74%
Common	Abacus Securities Corporation Unit 2904-A East Tower PSE Centre, Exchange Road Ortigas Center, Pasig City	Filipino	8,530,793	5.03%

The above brokers are only record owners of shares of stock held under the name of PCD Nominee Corp., thus they exercise no voting power over the shares.

To the best knowledge of the Company none of the beneficial owners of the shares registered under the name of the PCD Nominee Corp. a private company organized to implement an automated entry of stock and transfer transactions of securities listed in PSE, owns more than 5% of the Company's shares.

(2) Security Ownership of Management

The table sets forth as of December 31, 2012, the record or beneficial stock ownership of each Director of the Corporation and all Officers and Directors as a group.

Title of Class	Name of Beneficial Owner	Amount and Nature of Beneficial Ownership	Citizenship	Percent of Class
Common	Alfredo P. Javellana II <i>Independent Director and Chairman</i>	1,000 (Direct) 179,000 (Indirect)	Filipino	0.09474%
Common	Gener T. Mendoza <i>Director and President</i>	1,855,000 (Direct)	Filipino	0.97632%
Common	Isabelita P. Mercado <i>Director and Treasurer</i>	1,000,000 (Direct) 500,000 Indirect)	Filipino	0.78947%
Common	Antonio Victoriano F. Gregorio III <i>Director</i>	1,000 (Direct)	Filipino	0.00053%
Common	William D. Ty <i>Independent Director</i>	2,000,000 (Direct)	Filipino	1.05263%
Common	Francis Neil P. Mercado <i>Director</i>	2,000 (Direct)	Filipino	0.00105%
Common	Joseph Quintin Y. Lao <i>Director</i>	100,000 (Direct) 5,441,300 Indirect)	Filipino	2.91647%
Common	Ana Maria A. Katigbak <i>Corporate Secretary</i>	0	Filipino	0 %
	T O T A L	11,079,300		5.83121%

All the above named directors and officers of the Corporation are the record and beneficial owners of the shares of stock set forth opposite their respective names.

(3) Voting Trust Holders of 5% or more

The Corporation is not aware of any person holding more than 5% of the shares of the Corporation under a voting trust or similar agreement which may result in a change in control of the Corporation.

(4) Changes in Control

From January 1, 2012 to date, there has been no change in control of the Corporation. However, upon the completion of the subscription of 500,000,000 shares by the IPM group of companies and the approval by the Securities and Exchange Commission of the increase in the authorized capital stock of the Corporation, the IPM group of companies will own approximately 72.46% of the resulting outstanding capital stock of the Corporation. Thus, a change in the control of the Corporation will occur upon the completion of such transaction.

Item 12. Certain Relationships and Related Transactions

The Company did not engage in any transaction with related parties for the last five (5) years of operations.

PART IV – CORPORATE GOVERNANCE

Item 13. Corporate Governance

Minerales Industrials Corporation (Formerly Multitech Investments Corporation) is fully committed in maintaining a high standard of corporate governance to protect the interest of its shareholders. It has complied throughout the period under review with the applicable principles and provisions set out in the Revised Code of Corporate Governance (SEC Memorandum Circular No. 6, series of 2009) and the Company’s 2011 Revised Manual on Corporate Governance. The Company has not deviated from its own Revised Manual on Corporate Governance.

The Company also continues to review and strengthen its policies and procedures, giving due consideration to areas that, for the best interests of the Company and its stockholders, need further improvement. The same is being done by participating in the corporate governance survey of the Philippine Stock Exchange, Inc. The Company will put in place a more comprehensive system to ensure compliance with leading corporate governance practices as soon as its business becomes fully operational.

Board of Directors

The Board of Directors consists of 7 directors, two of whom are executive officers and five are non-executive directors. The Board’s membership reflects a blend of different financial and commercial experiences.

Directors	Executive Officers	Non-executive Officers	Independent Director
Alfredo P. Javellana II		√	√
Gener T. Mendoza	√		
Antonio Victoriano F. Gregorio III		√	
Isabelita P. Mercado	√		
William D. Ty			√
Francis Neil P. Mercado		√	
Joseph Quintin Y. Lao		√	

All non-executive officers are independent of management and free from any business or other relationship with MIC which could materially interfere with the exercise of their independent judgment.

The Nomination Committee ensures that there is a formal and transparent procedure for the appointment of new Directors of the Board. Where appropriate, every director receives training, taking into account his individual qualifications and experience. Training is also available on an ongoing basis to meet individual needs.

The term of office of all directors, including independent directors and officers shall be one (1) year and until the successors are duly elected and qualified.

Board Process

Members of the Board met regularly throughout the year. Their responsibilities to the Company included the:

- a. review and approval of the interim and annual financial performance;
- b. approval of the Company's key strategic and operational matters;
- c. approval of major investments and funding decision;
- d. monitoring of internal control; and
- e. identification and management of the principal risks of the Company.

Board members were sufficiently notified of ensuing meetings and they worked on an agreed agenda in reviewing the key activities of the business. Relevant papers and presentations, as necessary, were distributed to enable the Board to deliberate on matters effectively. Minutes of the previous meetings are placed on the agenda of the Board.

The Corporate Secretary is responsible to the Board and is available to individual Directors in respect of Board procedures. The post is currently occupied by Atty. Ana Maria A. Katigbak.

Committees

The Board has delegated authority to the following committees on specific matters. All of the Committee have formal terms of reference.

Audit Committee

Members:

- Atty. Alfredo P. Javellana II (chairman/independent director)
- William D. Ty (independent director)
- Francis-Neil P. Mercado

The Audit Committee functions under the terms of reference approved by the Board. It meets at least twice a year and its roles include the review of the financial and internal reporting process, the system of internal control and management of risks and the external and internal audit process. The Audit Committee reviews the scope and results of the audit with external auditors and obtains external legal or other independent professional advice where necessary. The Audit Committee reports directly to the Board.

Other functions of the Audit Committee include the recommendation of the appointment or re-appointment of external auditors and the review of audit fees.

Nomination Committee and Compensation Committee

Members:

- William D. Ty (chairman/independent director)
- Atty. Antonio Victoriano F. Gregorio III
- Joseph Quintin Y. Lao

The Committee, which meets as necessary, assesses and recommends to the Board candidates for appointment to executive and non-executive directors positions. The Committee also makes recommendations to the Board on its composition.

Note: No salary or other compensation package was provided to the directors and other Executive Officers.

Compliance Officer

During the meeting of the Board of Directors of Minerales Industrias Corporation held on May 23, 2012, Atty. Ana Maria A. Katigbak was re-appointed as Compliance Officer (“CO”).

The CO is responsible for ensuring that the Company’s corporate principles are consistently adhered to throughout the organization. The CO acts independently and her role is to supply the top management with the necessary information on whether the organization’s decisions comply with professional rules and regulations, internal directives, regulatory authorities, and the statutory law.

Relation with Shareholders

The directors place a high importance on maintaining good relationships with the shareholders and ensure that they are kept informed of significant Company’s development.

The Company encourages shareholders to attend its annual stockholders’ meetings, which provide opportunities for shareholders to ask questions of the board.

PART V – EXHIBIT AND SCHEDULES

Item 14. Exhibits and Reports on SEC Form 17-C

(a) Exhibits

The Audited Financial Statements ending December 31, 2012 are herein attached and incorporated by reference.

(b) Reports on SEC Form 17-C. The following are the reports filed by the Company on SEC Form 17-C for the year 2012.

**These schedules, which are required by Part IV (e) of RSA Rule 48, have been omitted because they are either not required, not applicable or the information required to be presented is included in the Company's financial statements or to notes to financial statements*

**STATEMENT OF MANAGEMENT'S RESPONSIBILITY
FOR THE FINANCIAL STATEMENTS**

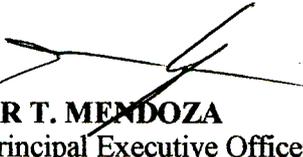

The management of **Minerales Industrias Corporation** is responsible for the preparation and fair presentation of the financial statements for the years ended December 31, 2012 and 2011, including the additional components attached therein, in accordance with Philippine Financial Reporting Standards. This responsibility includes designing and implementing internal controls relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error, selecting and applying appropriate accounting policies, and making accounting estimates that are reasonable in the circumstances.

The Board of Directors reviews and approves the financial statements and submits the same to the stockholders.

SyCip Gorres Velayo & Co., the independent auditors, appointed by the stockholders has examined the financial statements of the company in accordance with Philippine Standards on Auditing, and in its report to the stockholders, has expressed its opinion on the fairness of presentation upon completion of such examination.

Signed under oath by the following:

ALFREDO P. JAVELLANA II
Chairman of the Board

GENER T. MENDOZA
President and Principal Executive Officer
(Also acting as Principal Operating Officer)

ISABELITA P. MERCADO
Treasurer
(Also acting as Chief Financial Officer)

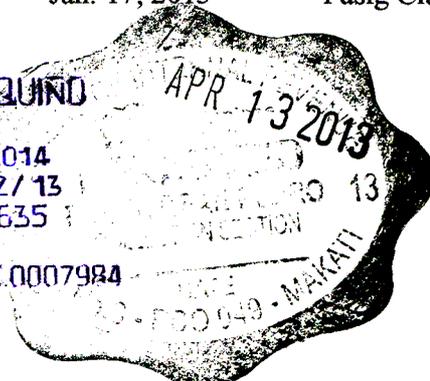

Signed this 10th day of April, 2013

INDEPENDENT AUDITORS' REPORT

The Stockholders and the Board of Directors
Minerales Industrias Corporation
Room 322, 3rd Floor, LRI Design Plaza
210 Nicanor Garcia Street, Barangay Sta. Cruz
Makati City

Report on the Financial Statements

We have audited the accompanying financial statements of Minerales Industrias Corporation, which comprise the statements of financial position as at December 31, 2012 and 2011, and the statements of income, statements of comprehensive income, statements of changes in equity and statements of cash flows for each of the three years ended December 31, 2012 and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

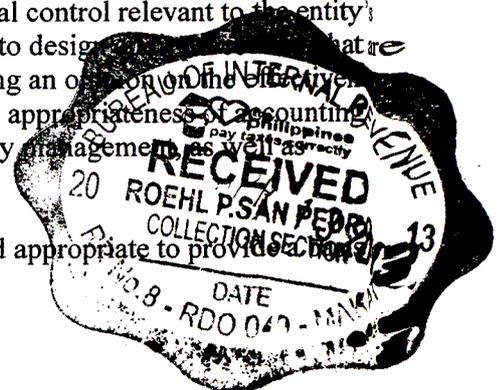

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Philippine Financial Reporting Standards, and for such internal control as management determines is necessary to enable the presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with Philippine Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide our audit opinion.

Opinion

In our opinion, the financial statements present fairly, in all material respects, the financial position of Minerales Industrias Corporation as at December 31, 2012 and 2011, and its financial performance and its cash flows for each of the three years ended December 31, 2012 in accordance with Philippine Financial Reporting Standards.

Report on the Supplementary Information Required Under Revenue Regulations 19-2011 and 15-2010

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplementary information required under Revenue Regulations 19-2011 and 15-2010 in Notes 14 and 15 to the financial statements, respectively, is presented for purposes of filing with the Bureau of Internal Revenue and is not a required part of the basic financial statements. Such information is the responsibility of the management of Minerales Industrias Corporation. The information has been subjected to the auditing procedures applied in our audit of the basic financial statements. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

MINERALES INDUSTRIAS CORPORATION

NOTES TO FINANCIAL STATEMENTS

1. Corporate Information and Status of Operations

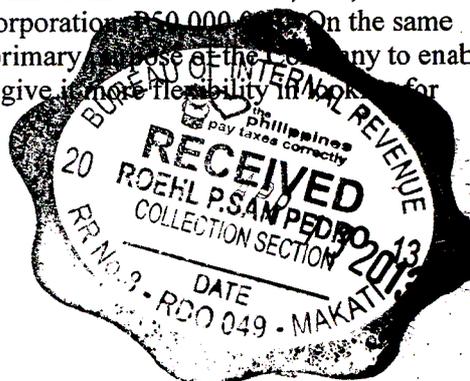

Minerales Industrias Corporation (the Company) was incorporated and organized in the Republic of the Philippines on August 31, 1995 to engage in the business of exploration, exploitation and development of the country's various mineral resources.

On December 20, 1999, the stockholders approved the increase in the authorized capital stock of the Company from ₱240,000,000 divided into 240,000,000 shares with a par value of ₱1 per share to ₱740,000,000 divided into 740,000,000 shares with a par value of ₱1 per share. On August 31, 2007, the stockholders approved the delegation to the Board of Directors (BOD) of the prerogative to determine the investors to whom the shares may be issued amounting to an aggregate of ₱560,000,000 (₱500,000,000 coming from the increase in authorized capital stock and ₱60,000,000 from the unissued capital stock of the Company). Following the private placement by the Corporation of 10,000,000 shares in 2010, the unissued shares from the Company's current authorized capital stock amounted to ₱50,000,000 as of December 31, 2012 and 2011 (see Note 8).

The Company incurred net losses of ₱1,857,239, ₱3,424,062 and ₱1,334,004 for the years ended December 31, 2012, 2011 and 2010, respectively. The Company's deficit as of December 31, 2012, 2011 and 2010 amounted to ₱188,411,388, ₱186,554,149 and ₱183,130,087, respectively. For the last few years, the Company has not been engaged in any investing or operating activity.

On November 20, 2012, the BOD authorized the Company to issue a total of 500,000,000 shares at par value of ₱1 per share in favor of the IPM group of companies. Also, the Company's BOD authorized the acquisition of 615,000,000 shares in Basic Environmental Systems and Technologies, Inc. (BEST) at par value of ₱1 per share, which will constitute 75% of the resulting outstanding capital of BEST. Further, the Company was authorized to partially pay for the 615,000,000 shares in BEST as follows: (a) ₱450,000,000 for the 600,000,000 shares that will come from the increase in authorized capital stock of BEST; and (b) ₱12,500,000 for the subscription rights to 15,000,000 shares in BEST. BEST is a corporation engaged in contracting and consulting business for waste management, public cleansing, sanitation and general hygiene to provide comprehensive waste disposal services.

On February 8, 2013, the stockholders of the Company representing at least two thirds of the outstanding capital stock approved the subscription by the following within the IPM group of companies or any of their designees/nominees to a total of 500,000,000 shares out of the ₱500,000,000 increase in the authorized capital stock of the Company previously approved by the shareholders, at a total subscription price of ₱500,000,000, payable in cash: (a) IPM Construction and Development Corporation, ₱350,000,000; (ii) IPM Environmental Services, Inc., ₱100,000,000; and (b) IPM Realty and Development Corporation, ₱50,000,000. On the same date, the stockholders approved the amendment of the primary purpose of the Company to enable the Company to revert to being a holding company and give it more flexibility in making for suitable investments.

On February 11, 2013 and February 12, 2013, the Company received ₱50,000,000 and ₱450,000,000, respectively, as deposits for the said subscription to the proposed increase in the authorized capital stock of the Company. On March 4, 2013, the Company acquired shares in BEST and subscription rights from various stockholders of BEST amounting to ₱450,000,000 and ₱12,500,000, respectively, which resulted in the Company obtaining 75% interest in BEST.

The Company will file with the SEC the corresponding application to increase its authorized capital stock to ₱740,000,000 in due course.

The registered office address of the Company is Room 322, 3rd Floor, LRI Design Plaza, 210 Nicanor Garcia Street, Barangay Sta. Cruz, Makati City.

The accompanying financial statements were authorized for issue by the Audit Committee and the BOD on April 10, 2013.

2. Summary of Significant Accounting Policies

Basis of Preparation

The accompanying financial statements have been prepared on a historical basis. These financial statements are presented in Philippine Peso (₱), the Company's functional currency. All amounts are rounded to the nearest peso unit unless otherwise indicated.

Statement of Compliance

The financial statements have been prepared in accordance with Philippine Financial Reporting Standards (PFRS). Securities Regulation Code 68, As Amended (2011) (SRC Rule 68) requires entities covered by part II of SRC Rule 68 to prepare financial statements in accordance with PFRS.

Changes in Accounting Policies

The accounting policies adopted are consistent with those of the previous financial years except for the adoption of the following new and amended PFRS and Philippine Accounting Standards (PAS) which became effective beginning January 1, 2012.

Amendments to PFRS 7, Financial Instruments: Disclosures - Transfers of Financial Assets

The amendments require additional disclosures about financial assets that have been transferred but not derecognized to enhance the understanding of the relationship between those assets that have not been derecognized and their associated liabilities. In addition, the amendments require disclosures about continuing involvement in derecognized assets to enable users of financial statements to evaluate the nature of, and risks associated with, the entity's continuing involvement in those derecognized assets. The amendments have no impact on the Company's financial position or performance since the Company does not engage in these types of transfers of financial assets.

Amendments to PAS 12, Income Taxes - Deferred Tax: Recovery of Underlying Assets

This amendment to PAS 12 clarifies the determination of deferred tax on investment property measured at fair value. The amendment introduces a rebuttable presumption that the carrying amount of investment property measured using the fair value model in PAS 40, *Investment Property*, will be recovered through sale and, accordingly, requires that any related deferred tax should be measured on a 'sale' basis. The presumption is rebutted if the investment property is depreciable and it is held within a business model whose objective is to consume substantially all of the economic benefits in the investment property over time ('use' basis), rather than through

sale. Furthermore, the amendment introduces the requirement that deferred tax on non-depreciable assets measured using the revaluation model in PAS 16, *Property, Plant and Equipment*, always be measured on a sale basis of the asset. The amendment did not have an impact on the Company's financial position or performance since the Company has no investment property and property and equipment.

Future Changes in Accounting Policies

The Company will adopt the following new and amended standards and interpretations enumerated below when these become effective.

Effective 2013

Amendments to PFRS 7, Financial instruments: Disclosures - Offsetting Financial Assets and Financial Liabilities

These amendments require an entity to disclose information about rights of set-off and related arrangements (such as collateral agreements). The new disclosures are required for all recognized financial instruments that are set off in accordance with PAS 32. These disclosures also apply to recognized financial instruments that are subject to an enforceable master netting arrangement or 'similar agreement', irrespective of whether they are set-off in accordance with PAS 32. The amendments require entities to disclose, in a tabular format unless another format is more appropriate, the following minimum quantitative information. This is presented separately for financial assets and financial liabilities recognized at the end of the reporting period:

- a) The gross amounts of those recognized financial assets and recognized financial liabilities;
- b) The amounts that are set off in accordance with the criteria in PAS 32 when determining the net amounts presented in the statement of financial position;
- c) The net amounts presented in the statement of financial position;
- d) The amounts subject to an enforceable master netting arrangement or similar agreement that are not otherwise included in (b) above, including:
 - i. Amounts related to recognized financial instruments that do not meet some or all of the offsetting criteria in PAS 32; and
 - ii. Amounts related to financial collateral (including cash collateral); and
- e) The net amount after deducting the amounts in (d) from the amounts in (c) above.

The amendments are to be applied retrospectively. The amendments will not have significant impact on the Company's financial position or performance.

PFRS 10, Consolidated Financial Statements

PFRS 10 replaces the portion of PAS 27, *Consolidated and Separate Financial Statements* that addresses the accounting for consolidated financial statements. It also includes the issues raised in SIC-12, *Consolidation - Special Purpose Entities*. PFRS 10 establishes a single control model that applies to all entities including special purpose entities. The changes introduced by PFRS 10 will require management to exercise significant judgment to determine which entities are controlled, and therefore, are required to be consolidated by a parent, compared with the requirements that were in PAS 27. The adoption of this standard will have a significant impact on the Company's financial position and performance as a result of the Company's acquisition of 75% interest in BEST in 2013.

PFRS 11, Joint Arrangements

PFRS 11 replaces PAS 31, *Interests in Joint Ventures* and SIC-13, *Jointly-controlled Entities - Non-monetary Contributions by Venturers*. PFRS 11 removes the option to account for jointly controlled entities (JCEs) using proportionate consolidation. Instead, JCEs that meet the definition of a joint venture must be accounted for using the equity method. The adoption of this

standard will not have a significant impact on the Company's financial position or performance since Company has not entered into any joint arrangements.

PFRS 12, Disclosure of Interests with Other Entities

PFRS 12 includes all of the disclosures that were previously in PAS 27 related to consolidated financial statements, as well as all of the disclosures that were previously included in PAS 31 and PAS 28, *Investments in Associates*. These disclosures relate to an entity's interests in subsidiaries, joint arrangements, associates and structured entities. The adoption of this standard affects disclosure only as a result of the Company's acquisition of 75% interest in BEST and will have no significant impact on the Company's financial position and performance. Additional disclosures required by this standard aside from the disclosures previously required under PAS, 27, 28 and 31 include the following:

- a) Nature of the Company's interest in BEST; and,
- b) Nature and extent of financial effects arising from the Company's interest in BEST.

PFRS 13, Fair Value Measurement

PFRS 13 establishes a single source of guidance under PFRS for all fair value measurements. PFRS 13 does not change when an entity is required to use fair value, but rather provides guidance on how to measure fair value under PFRS when fair value is required or permitted. This standard should be applied prospectively as of the beginning of the annual period in which it is initially applied. Its disclosure requirements need not be applied in comparative information provided for periods before initial application of PFRS 13. The adoption of this standard will not have a significant impact on its financial position and performance since the Company has no more assets or liabilities carried at fair value as of December 31, 2012 and 2011.

Amendments to PAS 1, Financial Statement Presentation, Presentation of Items of Other Comprehensive Income (OCI)

The amendments to PAS 1 changed the grouping of items presented in other comprehensive income. Items that could be reclassified (or 'recycled') to profit or loss at a future point in time (for example, upon derecognition or settlement) would be presented separately from items that will never be reclassified. The amendment will not have an impact on the Company's financial position or performance since the Company has no items of OCI as of December 31, 2012.

Amendments to PAS 19, Employee Benefits

Amendments to PAS 19 range from fundamental changes such as removing the corridor mechanism and the concept of expected returns on plan assets to simple clarifications and rewording. The revised standard also requires new disclosures such as, among others, a sensitivity analysis for each significant actuarial assumption, information on asset-liability matching strategies, duration of the defined benefit obligation, and disaggregation of plan assets by nature and risk. The adoption of this standard will have no impact on its financial position or performance since the Company has no retirement fund or retirement obligation.

PAS 27 (Revised), Separate Financial Statements

As a consequence of the new PFRS 10 and PFRS 12, what remains of PAS 27 is limited to accounting for subsidiaries, jointly controlled entities, and associates in separate financial statements. The adoption of this standard affects disclosure only as a result of the Company's acquisition of 75% interest in BEST and will have no significant impact on the Company's financial position and performance.

PAS 28 (Revised), Investments in Associates and Joint Ventures

As a consequence of the new PFRS 11, and PFRS 12, PAS 28 has been renamed PAS 28, *Investments in Associates and Joint Ventures*, and describes the application of the equity method

to investments in joint ventures in addition to associates. The adoption of the amended PAS 28 will not have an impact on the Company's financial statements since the Company has no investment in associates and joint ventures.

Philippine Interpretation IFRIC 20, Stripping Costs in the Production Phase of a Surface Mine
This interpretation applies to waste removal costs ("stripping costs") that are incurred in surface mining activity during the production phase of the mine ("production stripping costs"). If the benefit from the stripping activity will be realized in the current period, an entity is required to account for the stripping activity costs as part of the cost of inventory. When the benefit is the improved access to ore, the entity should recognize these costs as a noncurrent asset, only if certain criteria are met ("stripping activity asset"). The stripping activity asset is accounted for as an addition to, or as an enhancement of, an existing asset. After initial recognition, the stripping activity asset is carried at its cost or revalued amount less depreciation or amortization and less impairment losses, in the same way as the existing asset of which it is a part. The Company expects that this interpretation will not have any impact on its financial position or performance since the Company is not involved in mining activities.

Annual Improvements to PFRSs (2009-2011 cycle)

The Annual Improvements to PFRSs (2009-2011 cycle) contain non-urgent but necessary amendments to PFRSs. The amendments are effective for annual periods beginning on or after January 1, 2013 and are applied retrospectively. Earlier application is permitted.

PFRS 1, First-time Adoption of PFRS - Borrowing Costs

The amendment clarifies that, upon adoption of PFRS, an entity that capitalized borrowing costs in accordance with its previous generally accepted accounting principles, may carry forward, without any adjustment, the amount previously capitalized in its opening statement of financial position at the date of transition. Subsequent to the adoption of PFRS, borrowing costs are recognized in accordance with PAS 23, *Borrowing Costs*. The amendment does not apply to the Company as it is not a first-time adopter of PFRS.

PAS 1, Presentation of Financial Statements - Clarification of the Requirements for Comparative Information

The amendments clarify the requirements for comparative information that are disclosed voluntarily and those that are mandatory due to retrospective application of an accounting policy, or retrospective restatement or reclassification of items in the financial statements. An entity must include comparative information in the related notes to the financial statements when it voluntarily provides comparative information beyond the minimum required comparative period. The additional comparative period does not need to contain a complete set of financial statements. On the other hand, supporting notes for the third balance sheet (mandatory when there is a retrospective application of an accounting policy, or retrospective restatement or reclassification of items in the financial statements) are not required. The amendment will not have significant impact on the Company's financial statements since the Company's information disclosures are already in accordance with the requirement of PAS 1.

PAS 16, Property, Plant and Equipment - Classification of Servicing Equipment

The amendment clarifies that spare parts, stand-by equipment and servicing equipment should be recognized as property, plant and equipment when they meet the definition of property, plant and equipment and should be recognized as inventory if otherwise. The amendment will not have any impact on the Company's financial position or performance since the Company does not have this type of equipment.

PAS 32, Financial Instruments: Presentation - Tax Effect of Distribution to Holders of Equity Instruments

The amendment clarifies that income taxes relating to distributions to equity holders and to transaction costs of an equity transaction are accounted for in accordance with PAS 12, *Income Taxes*. The Company will assess the impact of this amendment when they undergo certain transactions involving equity distributions to equity holders.

PAS 34, Interim Financial Reporting - Interim Financial Reporting and Segment Information for Total Assets and Liabilities

The amendment clarifies that the total assets and liabilities for a particular reportable segment need to be disclosed only when the amounts are regularly provided to the chief operating decision maker and there has been a material change from the amount disclosed in the entity's previous annual financial statements for that reportable segment. The amendment will not have significant impact on the Company's financial statements since disclosures on interim reports and segment information are consistent of the improvements.

Effective 2014

Amendments to PAS 32, Financial Instruments: Presentation - Offsetting Financial Assets and Financial Liabilities

The amendments to PAS 32 clarify the meaning of "currently has a legally enforceable right to set-off and also clarify the application of the PAS 32 offsetting criteria to settlement systems (such as central clearing house systems) which apply gross settlement mechanisms that are not simultaneous. The amendments will have no impact in the Company's financial position or performance since the Company does not offset its financial instruments.

Effective 2015

PFRS 9, Financial Instruments: Classification and Measurement

PFRS 9, as issued, reflects the first phase on the replacement of PAS 39 and applies to the classification and measurement of financial assets and liabilities as defined in PAS 39, *Financial Instruments: Recognition and Measurement*. Work on impairment of financial instruments and hedge accounting is still ongoing, with a view to replacing PAS 39 in its entirety. PFRS 9 requires all financial assets to be measured at fair value at initial recognition. A debt financial asset may, if the fair value option (FVO) is not invoked, be subsequently measured at amortized cost if it is held within a business model that has the objective to hold the assets to collect the contractual cash flows and its contractual terms give rise, on specified dates, to cash flows that are solely payments of principal and interest on the principal outstanding. All other debt instruments are subsequently measured at fair value through profit or loss. All equity financial assets are measured at fair value either through OCI or profit or loss. Equity financial assets held for trading must be measured at fair value through profit or loss. For FVO liabilities, the amount of change in the fair value of a liability that is attributable to changes in credit risk must be presented in OCI. The remainder of the change in fair value is presented in profit or loss, unless presentation of the fair value change in respect of the liability's credit risk in OCI would create or enlarge an accounting mismatch in profit or loss. All other PAS 39 classification and measurement requirements for financial liabilities have been carried forward into PFRS 9, including the embedded derivative separation rules and the criteria for using the FVO. The adoption of the first phase of PFRS 9 will have no impact on the measurement of the Company's financial assets and liabilities since these financial instruments are carried at amortized cost.

Philippine Interpretation IFRIC 15, Agreements for the Construction of Real Estate

This Philippine Interpretation covers accounting for revenue and associated expenses by entities that undertake the construction of real estate directly or through subcontractors. This Philippine Interpretation requires that revenue on construction of real estate be recognized only upon

completion, except when such contract qualifies as construction contract to be accounted for under PAS 11, *Construction Contracts*, or involves rendering of services in which case revenue is recognized based on stage of completion. Contracts involving provision of services with the construction materials and where the risks and reward of ownership are transferred to the buyer on a continuous basis will also be accounted for based on stage of completion. Adoption of the interpretation when it becomes effective will not have an impact on the Company's financial statements since the Company is not involved in the construction or real estate.

Cash

Cash includes cash on hand and deposits held on demand with banks and are carried in the statement of financial position at nominal amount.

Financial Instruments

Date of recognition

The Company recognizes a financial asset or a financial liability on the statement of financial position when it becomes a party to the contractual provisions of the instrument. Purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace are recognized on the trade date.

Initial recognition

All financial assets are initially recognized at fair value. Except for financial assets at fair value through profit or loss (FVPL), the initial measurement of financial assets includes transaction costs. The Company classifies its financial assets in the following categories: financial assets at FVPL, held-to-maturity (HTM) investments, available-for-sale (AFS) financial assets, and loans and receivables. Financial liabilities are classified as either financial liabilities at FVPL or other financial liabilities. The classification depends on the purpose for which the investments were acquired and whether these are quoted in an active market. Management determines the classification of its investments at initial recognition and, where allowed and appropriate, re-evaluates such designation at every reporting date.

Financial instruments are recognized initially at fair value of the consideration given. The fair values of the consideration given are determined by reference to the transaction price or other market prices. If such market prices are not reliably determinable, the fair value of the consideration is estimated as the sum of all future cash payments or receipts, discounted using the prevailing market rates of interest for similar instruments with similar maturities. The initial measurement of financial instruments, except for those designated at FVPL, includes transaction costs.

As of December 31, 2012 and 2011, the Company has no financial assets and liabilities at FVPL, AFS financial assets and HTM investments. In 2011, the Company already disposed all of its AFS financial assets.

Determination of fair value

The fair values for financial instruments traded in active markets at the reporting date are based on their quoted market prices or dealer price quotations (bid price for long positions and ask price for short positions), without any deduction for transaction costs. When current bid and ask prices are not available, the price of the most recent transaction provides evidence of the current fair value as long as there has not been a significant change in economic circumstances since the time of the transaction.

For all other financial instruments not listed in an active market, the fair value is determined by using appropriate valuation techniques. Valuation techniques include net present value

techniques, comparison to similar instruments for which market observable prices exist, option pricing models, and other relevant valuation models. Any difference noted between the fair value and the transaction price is treated as expense or income, unless it qualifies for recognition as some type of asset or liability.

Fair value hierarchy

The Company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

- Level 1: quoted (unadjusted) prices in active markets for identical assets or liabilities;
- Level 2: other techniques for which all inputs which have a significant effect on the recorded fair value are observable in the market, either directly or indirectly; and
- Level 3: techniques which use inputs which have a significant effect on the recorded fair value that are not based on observable market data.

Day 1 difference

Where the transaction price in a non-active market is different from the fair value from other observable current market transactions in the same instrument or based on a valuation technique whose variables include only data from observable market, the Company recognizes the difference between the transaction price and fair value ('Day 1' profit or loss) in the statement of income unless it qualifies for recognition as some type of asset or liability. In cases where use is made of data which is not observable, the difference between the transaction price and model value is only recognized in the statement of income when the inputs become observable or when the instrument is derecognized. For each transaction, the Company determines the appropriate method of recognizing the 'Day 1' profit or loss amount.

Loans and receivables

Loans and receivables are financial assets with fixed or determinable payments and fixed maturities that are not quoted in an active market. They are not entered into with the intention of immediate or short-term resale and are not designated as AFS financial assets or financial assets at FVPL.

After initial measurement, the loans and receivables are subsequently measured at amortized cost using the effective interest rate method, less any allowance for impairment. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees that are an integral part of the effective interest rate. The amortization is included in the interest income in the statement of income. The losses arising from impairment of such loans and receivables are recognized in provision for impairment losses in the statement of income. This accounting policy relates to the statement of financial position caption "Cash" and "Receivables".

AFS financial assets

AFS financial assets are those which are designated as such or do not qualify to be classified as designated as at FVPL, HTM investments or loans and receivables. Financial assets may be designated at initial recognition as AFS if they are purchased and held indefinitely, and may be sold in response to liquidity requirements or changes in market conditions. AFS financial assets include equity securities.

After initial measurement, AFS financial assets are measured at fair value. The unrealized gains and losses arising from the fair valuation of AFS financial assets are reported as "Revaluation reserve on available-for-sale financial assets" in the equity portion of the statement of financial position.

When the security is disposed of, the cumulative gain or loss previously recognized in other comprehensive income is reported as “Gain (loss) on sale of AFS financial assets” in the statement of income. Where the Company holds more than one investment in the same security, these are deemed to be disposed of on a first-in, first-out basis. Interest earned on holding AFS financial assets are reported as interest income using the effective interest rate. Dividends earned on holding AFS financial assets are recognized in the statement of income when the right of payment has been established. The losses arising from impairment of such investments are recognized in the statement of income.

Other financial liabilities

Other financial liabilities pertain to issued financial instruments that are not classified or designated as at FVPL and contain contractual obligations to deliver cash or another financial asset to the holder or to settle the obligation other than the exchange of a fixed amount of cash. After initial measurement, other financial liabilities are subsequently measured at amortized cost using the effective interest rate. Amortized cost is calculated by taking into account any discount or premium on the issue and fees that are an integral part of the effective interest rate. This accounting policy applies primarily to the Company’s accrued expenses and other payables and other obligations that meet the above definition (other than liabilities covered by other accounting standards, such as income tax payable).

Financial instruments are classified as liability or equity in accordance with the substance of the contractual arrangement. Interest, dividends, gains and losses relating to a financial instrument or a component that is a financial liability, are reported as expense or income. Distributions to holders of financial instruments classified as equity are charged directly to equity, net of any related income tax benefits.

Offsetting of Financial Instruments

Financial assets and financial liabilities are offset and the net amount reported in the statement of financial position if, and only if, there is a currently enforceable legal right to offset the recognized amount and there is an intention to settle on a net basis, or to realize the asset and settle the liability simultaneously.

Impairment of Financial Assets

The Company assesses at each reporting date whether there is objective evidence that a financial asset or group of financial assets is impaired. A financial asset or a group of financial assets is deemed to be impaired if, and only if, there is objective evidence of impairment as a result of one or more events that has occurred after the initial recognition of the asset (an incurred ‘loss event’) and that loss event (or events) has an impact on the estimated future cash flows of the financial asset or the group of financial assets that can be reliably estimated. Evidence of impairment may include indications that the borrower or a group of borrowers is experiencing significant financial difficulty, default or delinquency in interest or principal payments, the probability that they will enter bankruptcy or other financial reorganization and where observable data indicate that there is measurable decrease in the estimated future cash flows, such as changes in arrears or economic conditions that correlate with defaults.

Loans and receivables

For loans and receivables carried at amortized cost, the Company first assesses whether objective evidence of impairment exists individually for financial assets that are individually significant, or collectively for financial assets that are not individually significant. If the Company determines that no objective evidence of impairment exists for individually assessed financial asset, whether significant or not, it includes the asset in a group of financial assets with similar credit risk characteristics and collectively assesses for impairment. Those characteristics are relevant to the

estimation of future cash flows for groups of such assets by being indicative of the debtors' ability to pay all amounts due according to the contractual terms of the assets being evaluated. Assets that are individually assessed for impairment and for which an impairment loss is, or continues to be recognized, are not included in a collective assessment for impairment.

If there is objective evidence that an impairment loss on loans and receivables carried at amortized cost has been incurred, the amount of the loss is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows (excluding future expected credit losses that have not been incurred) discounted at the financial assets' original effective interest rate (i.e., the effective interest rate computed at initial recognition). The carrying amount of the asset is reduced through the use of an allowance account. The amount of the loss shall be recognized in company statement of income during the period in which it arises.

If, in a subsequent period, the amount of the impairment loss decreases and the decrease can be related objectively to an event occurring after the impairment was recognized, the previously recognized impairment loss is reversed. Any subsequent reversal of an impairment loss is recognized in the company statement of income, to the extent that the carrying value of the asset does not exceed its amortized cost at the reversal date.

In relation to loans and receivables, a provision for impairment is made when there is objective evidence (such as the probability of insolvency or significant financial difficulties of the debtor) that the Company will not be able to collect all of the amounts due under the original terms of the invoice. The carrying amount of the receivable is reduced through the use of an allowance account. Impaired loans and receivables are derecognized when they are assessed as uncollectible.

For the purpose of a collective evaluation of impairment, financial assets are grouped on the basis of such credit risk characteristics as past-due status and term.

Future cash flows in a group of financial assets that are collectively evaluated for impairment are estimated on the basis of historical loss experience for assets with credit risk characteristics similar to those in the Company. Historical loss experience is adjusted on the basis of current observable data to reflect the effects of current conditions that did not affect the period on which the historical loss experience is based and to remove the effects of conditions in the historical period that do not exist currently. Estimates of changes in future cash flows reflect, and are directionally consistent with the changes in related observable data from period to period (such as changes in unemployment rates, property prices, commodity prices, payment status, or other factors that are indicative of incurred losses in the Company and their magnitude). The methodology and assumptions used for estimating future cash flows are reviewed regularly by the Company to reduce any difference between loss estimate and actual loss experience.

AFS financial assets

In case of equity securities classified as AFS financial assets, impairment would include a significant or prolonged decline in the fair value of the investments below its cost. When there is evidence of impairment loss, the cumulative loss - measured as the difference between the acquisition cost and the current fair value, less any impairment loss on that financial asset previously recognized in the statement of income - is removed from other comprehensive income and recognized in the statement of income. Impairment losses on equity securities are not reversed through the statement of income. Increases in fair value after impairment are recognized in other comprehensive income.

Derecognition of Financial Assets and Liabilities

Financial asset

A financial asset (or, where applicable a part of a financial asset or part of a group of financial assets) is derecognized when:

- a. the right to receive cash flows from the asset has expired;
- b. the Company retains the right to receive cash flows from the asset, but has assumed as obligation to pay them in full without material delay to a third party under a “pass-through” arrangement; or
- c. the Company has transferred its right to receive cash flows from the asset and either (i) has transferred substantially all the risks and rewards of the asset, or (ii) has neither transferred nor retained the risks and rewards of the asset but has transferred the control of the asset.

Where the Company has transferred its right to receive cash flows from an asset or has entered into a “pass-through” arrangement, and has neither transferred nor retained substantially all the risks and rewards of the asset nor transferred control of the asset, the asset is recognized to the extent of the Company’s continuing involvement in the asset. Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of original carrying amount of the asset and the maximum amount of consideration that the Company could be required to repay.

Financial liability

A financial liability is derecognized when the obligation under the liability is discharged, cancelled, or has expired. Where an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability, and the difference in the respective carrying amounts is recognized in the statement of income.

Equity

Capital stock

Capital stock is measured at par value for all shares issued.

Deficit

Deficit represents the cumulative amount of net losses of the Company.

Revenue Recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured.

Interest income

Interest income is recognized as the interest accrues, taking into account the effective yield on the asset.

Expenses

Expenses are decreases in economic benefits during the accounting period in the form of outflows or decreases of assets or incurrence of liabilities that result in decreases in equity, other than those relating to distributions to equity participants. Expenses are recognized in profit or loss in the period these are incurred.

Income tax

Current tax

Current tax assets and liabilities for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that have been enacted or substantially enacted as of the reporting date.

Deferred tax

Deferred income tax is provided, using the liability method, on all temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred tax liabilities are recognized for all taxable temporary differences with certain exceptions. Deferred income tax assets are recognized for all deductible temporary differences and net operating loss carry over (NOLCO) to the extent that it is probable that taxable income will be available against which the deductible temporary differences and NOLCO can be utilized.

The carrying amount of deferred tax assets is reviewed at each reporting period and reduced to the extent that it is no longer probable that sufficient taxable income will be available to allow all or part of the deferred income tax asset to be utilized. Unrecognized deferred tax assets are reassessed as of the reporting period and are recognized to the extent that it has become probable that future taxable income will allow all or part of the deferred tax assets to be recovered.

Deferred tax assets and liabilities are measured at the tax rate that is applicable to the period when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted as at the reporting period.

Deferred tax assets and liabilities are offset, if a legally enforceable right exists to set off current tax assets against current income tax liabilities and the deferred income taxes relate to the same taxable entity and the same taxation authority.

Value-added tax (VAT)

Revenue, expenses and assets are recognized net of the amount of sales tax except:

- where the tax incurred on a purchase of assets or services is not recoverable from the tax authority, in which case the tax is recognized as part of the cost of acquisition of the asset or as part of the expense item as applicable; and,
- receivables and payables that are stated with the amount of tax included.

The net amount of tax recoverable from the tax authority is included as part of “Other current assets” in the statement of financial position.

Basic/Diluted Earnings Per Share

Basic/diluted earnings per share (EPS) is computed based on the weighted average number of common shares outstanding after giving retroactive effect to stock dividends declared and stock rights exercised during the year.

Provisions

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation. Where the Company expects some or all of a provision to be reimbursed, the

reimbursement is recognized as a separate asset but only when the reimbursement is virtually certain. The expense relating to any provision is presented in the statement of income, net of any reimbursement.

Contingencies

Contingent liabilities are not recognized in the financial statements. These are disclosed unless the possibility of an outflow of resources embodying economic benefits is remote. Contingent assets are not recognized in the financial statements but are disclosed when an inflow of economic benefits is probable.

Events After the Reporting Date

Post year-end events that provide additional information about the Company's position at the reporting date (adjusting events) are reflected in the financial statements. Post year-end events that are not adjusting events are disclosed in the notes to the financial statements when material.

3. Significant Accounting Judgments and Estimates

The preparation of the accompanying financial statements in conformity with PFRS requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. The estimates and assumptions used in the accompanying financial statements are based upon management's evaluation of relevant facts and circumstances as of the date of the financial statements. Actual results could differ from such estimates.

Judgments and estimates are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

Use of Estimates

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting period, that have a significant risk of causing a material adjustment to the carrying amount of assets and liabilities within the next financial year, are discussed as follows.

Estimating allowance for impairment losses on receivables

The Company maintains an allowance for credit losses based on the result of the individual and collective assessment under PAS 39. Under the individual assessment, the Company is required to obtain the present value of estimated cash flows using the receivable's original effective interest rate. Impairment loss is determined as the difference between the receivable's carrying balance and the computed present value. Factors considered in individual assessment are payment history, past due status and term. The collective assessment would require the Company to classify its receivables based on the credit risk characteristics (payment history, past-due status and term) of the customers. Impairment loss is then determined based on historical loss experience of the receivables grouped per credit risk profile. Historical loss experience is adjusted on the basis of current observable data to reflect the effects of current conditions that did not affect the period on which the historical loss experience is based, and to remove the effects of conditions in the historical period that do not exist currently. The methodology and assumptions used for the individual and collective assessments are based on management's judgments and estimates. Therefore, the amount and timing of recorded expense for any period would differ depending on the judgments and estimates made for the year.

As of December 31, 2012 and 2011, receivables amounting to ₱1,066,172 have been fully provided with allowance for impairment losses.

Impairment of AFS financial assets

The Company treats AFS equity securities as impaired when there has been a significant or prolonged decline in the fair value below cost or where other objective evidence of impairment exists. The determination of what is 'significant' or 'prolonged' requires judgment. The Company treats 'significant' generally as 20% or more or 'prolonged' as greater than 6 months for quoted equity securities. In addition, the Company evaluates other factors, including normal volatility in share price for quoted equities.

AFS financial asset amounted to nil as of December 31, 2012 and 2011 (see Note 5).

Recognition of deferred tax assets

As of December 31, 2012 and 2011, deferred tax assets have not been recognized in respect of NOLCO and allowance for impairment losses that are available for offset against future taxable income or tax payable, which shall be available for the three succeeding years, because management believes that it is more likely than not that the tax benefits of these will not be realized in the future. As of December 31, 2012 and 2011, unrecognized deferred tax assets amounted to ₱2,907,000 and ₱2,687,960, respectively (see Note 9).

4. Cash

This account consists of:

	2012	2011
Cash on hand	₱5,000	₱4,959
Cash in bank	1,688,736	3,540,304
	₱1,693,736	₱3,545,263

Cash in bank earns interest at the prevailing bank deposit rate. Interest earned on cash in bank amounted to ₱86,475, ₱13,031 and ₱18,241 in 2012, 2011 and 2010, respectively.

5. Available-for-Sale Financial Assets

This account represents 350,737 shares in Suntrust Home Development, Inc. (Suntrust) as of December 31, 2010. In 2011 and 2010, the Company sold AFS financial assets amounting to ₱154,324 and ₱1,822,662, respectively. The sale resulted to the recognition of realized gain in the Company's statements of income amounting to ₱85,762 and ₱112,727 in 2011 and 2010, respectively. Total unrealized fair value gain on AFS financial assets amounted to nil, ₱22,629 and ₱138,697 as of December 31, 2012, 2011 and 2010, respectively.

6. Other Current Assets

This account consists of:

	2012	2011
Prepaid taxes	₱1,976,300	₱1,976,300
Creditable withholding tax	1,137,430	1,137,430
Input VAT	942,856	852,977
Prepaid expenses	20,000	20,000
	4,076,586	3,986,707
Less allowance for impairment losses	4,056,586	3,966,707
	₱20,000	₱20,000

The Company provided an allowance on its prepaid taxes, creditable withholding tax and input VAT amounting to ₱4.06 million and ₱3.97 million as of December 31, 2012 and 2011, respectively, due to low probability that these assets may be utilized in the future.

The movements in allowance for impairment losses follow:

	2012	2011
Balance at beginning of year	₱3,966,707	₱1,976,300
Provision	89,879	1,990,407
Balance at end of year	₱4,056,586	₱3,966,707

7. Accrued Expenses and Other Payables

This account consists of:

	2012	2011
Accrued expenses	₱114,356	₱110,000
Taxes payable	10,768	9,412
	₱125,124	₱119,412

Accrued expenses and taxes payable are non-interest-bearing and are generally within 30- to 60-day terms.

8. Equity

Capital Stock

The authorized capital stock of the Company follows:

	2012	2011
Common stock, ₱1 par value		
240,000,000 authorized shares	₱240,000,000	₱240,000,000
Number of shares issued and outstanding, at the beginning and at the end of year	190,000,000	190,000,000

In accordance with Annex 68-D of SRC Rule 68, below is a summary of the Company's track record of registration of securities.

Common Shares	Number of Shares Registered	Issue/Offer Price	Date of Approval	Number of Holders of Securities as of December 31, 2012
180,000,000	180,000,000	₱1.00	August 31, 1995	
10,000,000	10,000,000	1.00	April 14, 2010	129 shareholders
190,000,000	190,000,000			

On December 29, 2009, the BOD approved a resolution authorizing the Company to issue a total of 10,000,000 common shares out of the existing authorized capital stock at a subscription price of ₱1 per share, or a total price value of ₱10,000,000. Out of the ₱10,000,000 capital stock subscribed, an amount equal to ₱5,045,000 was paid by the stockholders on the same date. On January 29, 2010 and February 1, 2010, the Company's stockholders paid for the outstanding subscriptions receivable amounting to ₱3,655,000 and ₱1,300,000, respectively (see Note 1).

9. Income Tax

The provision for income tax consists of final tax on interest income.

The components of the Company's unrecognized deferred tax assets follow:

	2012	2011
Allowance for impairment losses	₱5,122,758	₱5,032,879
NOLCO	4,567,242	3,926,987
	9,690,000	8,959,866
Tax rate	30%	30%
Deferred tax asset	₱2,907,000	₱2,687,960

The Company's deferred tax assets were not recognized in the books because management believes that it is not probable that taxable profits will be available against which these can be utilized. The Company will recognize a previously unrecognized deferred tax asset to the extent that it becomes probable that future taxable income will allow the deferred tax asset to be recovered.

The Company's NOLCO as of December 31, 2012 consists of:

Year Incurred	Amount	Expiry Date
2010	₱1,418,512	2013
2011	1,440,844	2014
2012	1,707,886	2015
	₱4,567,242	

The movements in NOLCO follow:

	2012	2011
Balance at beginning of year	₱3,926,987	₱3,598,899
Addition	1,707,886	1,440,844
Expiration	(1,067,631)	(1,112,756)
Balance at end of year	₱4,567,242	₱3,926,987

The reconciliation between the statutory income tax and the effective income tax follows:

	2012	2011	2010
Statutory income tax	(₱551,983)	(₱1,026,437)	(₱399,107)
Add (deduct) tax effects of:			
Change in unrecognized deferred tax assets	539,330	1,029,118	425,215
Nondeductible expenses	38,596	26,957	13,182
Nontaxable income	-	(25,729)	(33,818)
Interest income subjected to lower tax rate	(8,648)	(1,303)	(1,824)
Effective income tax	₱17,295	₱2,606	₱3,648

10. Related Party Transaction

Parties are considered to be related if one party has the ability to control the other party or exercise significant influence over the other party in making financial and operating decisions. These include: (a) parties owning, directly or indirectly through one or more intermediaries, control, or are controlled by, or under common control with, the Company; (b) associates; and (c) individual owning, directly or indirectly, an interest in the voting power of the Company that gives them significant influence over the Company and close members of the family of any such individuals.

Outstanding balances arising from related party transaction follows:

Category	Amount		Outstanding Balance		Terms	Conditions
	2012	2011	2012	2011		
Other related parties:						
GNCA Holdings, Inc. (GNCA)						
Utilities	₱180,000	₱180,000	₱-	₱-	Due and demandable	Unsecured
Directors						
Directors' per diem	160,000	-	-	-	Due and demandable	Unsecured
	₱340,000	₱180,000	₱-	₱-		

The Company entered into an agreement with GNCA, an entity controlled by the Company's president, for the sharing of common costs incurred on the leased office space. The agreement provides that the Company shall pay fixed monthly utility charges of ₱15,000 in 2012 and 2011, in lieu of its proportionate share in monthly rentals on the leased premises.

In 2012, the BOD approved the grant of per diem to members of the BOD, for every attendance at regular meetings of the BOD.

There is no compensation of key management personnel for the years ended December 31, 2012, 2011 and 2010.

11. Basic/Diluted Loss per Share

Basic/diluted loss per share was computed as follows:

	2012	2011	2010
Net loss (a)	₱1,857,239	₱3,424,062	₱1,334,004
Weighted average number of outstanding common share (b)	190,000,000	190,000,000	189,166,667
Basic/diluted loss per share (a/b)	₱0.0098	₱0.0180	₱0.0071

The basic EPS is equal to the diluted EPS since the Company has no potential shares that will have a dilutive effect on EPS.

12. Financial Instruments

Fair Value Information

Due to the short term nature of the Company's financial instruments, their fair values approximate their carrying amounts as of December 31, 2012 and 2011.

Fair Value Hierarchy

As of December 31, 2012 and 2011, the Company has no AFS financial assets. There were no transfers between Level 1 and Level 2 financial instruments, and no transfers into of Level 3 fair value instrument.

Financial Risk Management Objectives and Policies

The Company's principal financial instruments comprise of cash and accrued expenses and other payables. The main purpose of the Company's financial instruments is to fund its operational and capital expenditures.

Exposure to credit, liquidity and market price risks arise in the normal course of the Company's business activities. The main objectives of the Company's financial risk management are as follows:

- to identify and monitor such risks on an ongoing basis;
- to minimize and mitigate such risks; and
- to provide a degree of certainty about costs.

Interest rate risk

Interest rate risk is the risk that the value of a financial instrument will fluctuate because of changes in market interest rate. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's cash in bank with fixed interest rates.

Credit risk

The investment of the Company's cash resources is managed so as to minimize risk while seeking to enhance yield. The Company's holding of cash exposes the Company to credit risk of the counterparty if the counterparty is unwilling or unable to fulfill its obligations, and the Company consequently suffers financial loss. Credit risk management involves entering into financial instruments only with counterparties with acceptable credit standing.

The maximum exposure to credit risk of the statements of financial position pertains only to cash amounting to ₱1,693,736 and ₱3,545,263 as of December 31, 2012 and 2011, respectively (see Note 4).

The Company's cash has high grade credit quality. The credit quality of the financial assets was determined based on the nature of the counterparty and the Company's historical experience with them.

As of December 31, 2012 and 2011, the Company's receivable amounting to ₱1,066,172 is fully impaired.

Liquidity risk

Liquidity or funding risk is the risk associated with the difficulty of selling financial assets in a timely manner at their values to meet obligations.

The Company seeks to manage its liquidity profile to be able to finance capital expenditures and working capital requirements.

The Company's accrued expenses and other payables are all due within one year.

Price risk

Price risk is the risk that the fair value or cash flows of a financial instrument will fluctuate due to changes in market prices. Market risk reflects interest rate risk, currency risk and other price risks.

The Company sold all its AFS financial assets during 2011, thus no significant exposure to price risk was assessed as of December 31, 2012 and 2011.

Capital management

The primary objective of the Company's capital management is to ensure that it maintains a strong credit rating and healthy capital ratios in order to support its business and maximize shareholder value. The Company manages its capital structure and makes adjustments to it, in light of changes in economic conditions.

As of December 31, 2012, 2011 and 2010, the Company has a deficit of ₱188,411,388, ₱186,554,149 and ₱183,130,087, respectively. In 2013, following the receipt of capital infusion from IPM group of companies, the Company acquired 75% interest in BEST, an investment that is expected to eliminate the Company's deficit and improve its financial condition.

13. Operating Segments

As of December 31, 2012 and 2011, the Company has no operating segment since it is not engaged in any investing and operating activity. The Company assessed that the impact of the acquisition of 75% interest in BEST on its segment reporting will be in 2013 as required by PFRS 8.

The Company has no revenue outside the Philippines and no revenue from a single customer, hence, the Company did not present geographical information required by PFRS 8.

14. Supplementary Information Required Under Revenue Regulations 19-2011

The Company is subject to the regular rate of 30%.

- a. The Company has no sales/receipts/fees in 2012.
- b. The Company has no cost of sales in 2012.
- c. The Company has no non-operating and taxable other income in 2012.
- d. The itemized deductions of the Company in 2012 are as follows:

Professional fees	₱507,160
Salaries and wages	476,000
Stock exchange listing fee	255,050
Utilities	180,000
Directors' per diem	160,000
Office supplies and printing costs	45,028
Transportation	38,779
Taxes and licenses	8,219
Miscellaneous	37,650
	<hr/>
	₱1,707,886

- e. The taxes and licenses paid and claimed by the Company as part of itemized deduction in 2012 pertains to license and permit fees amounting to ₱8,219.

15. Supplementary Information Required Under Revenue Regulations 15-2010

In compliance with the requirements set forth by Revenue Regulations 15-2010, hereunder are the information on taxes and license fees paid or accrued in 2012.

VAT

The Company's sales are subject to output VAT while its importations and purchases from other VAT-registered individuals or corporations are subject to input VAT. The VAT rate is 12%.

- a. The Company did not have any transaction subjected to output VAT in 2012.
- b. Input VAT for 2012

Balance at January 1, 2012	₱852,977
Current year's domestic purchases/payments for:	
Goods other than for resale or manufacture	12,397
Services lodged under other accounts	77,482
	<hr/>
	942,856
Claims for tax credit	-
Balance at December 31, 2012	<hr/>
	₱942,856

Information on the Company's Importations for 2012

The Company did not have any importation transaction in 2012.

Documentary Stamp Tax

The Company did not have any transaction subject to documentary stamp tax in 2012.

Other Taxes and Licenses

This includes all other taxes, local and national, including licenses and permit fees lodged under the caption "Taxes and licenses" in the Company's statement of income.

Local

Mayor's permit	₱6,119
Business clearance	1,100
Community Tax Certificate	500
	<hr/>
	7,719

National

BIR annual registration	500
	<hr/>
	₱8,219
	<hr/>

Withholding Taxes

The withholding taxes paid in 2012 follow:

Tax on compensation and benefits	₱41,950
Expanded withholding taxes	32,594
	<hr/>
	₱74,544
	<hr/>

Tax Assessments

The Company has no Final Assessment Notice and/or Formal letter of Demand from the Bureau of Internal Revenue (BIR) for alleged deficiency income tax, VAT and withholding tax.

In addition, the Company has no pending tax case outside the administration of the BIR.

INDEPENDENT AUDITORS' REPORT ON SUPPLEMENTARY SCHEDULES

The Stockholders and the Board of Directors
Minerales Industrias Corporation
Room 322, 3rd Floor, LRI Design Plaza
210 Nicanor Garcia Street, Barangay Sta. Cruz,
Makati City

We have audited in accordance with Philippine Standards on Auditing, the financial statements of Minerales Industrias Corporation (the Company) as at December 31, 2012 and 2011 and for each of the three years in the period ended December 31, 2012, included in this Form 17-A, and have issued our report thereon dated April 10, 2013. Our audits were made for the purpose of forming an opinion on the basic consolidated financial statements taken as a whole. The schedules listed in the Index to the Financial Statements and Supplementary Schedules are the responsibility of the Company's management. These schedules are presented for purposes of complying with Securities Regulation Code 68, As Amended (2011) and are not part of the basic financial statements. These schedules have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, fairly state, in all material respects, the information required to be set forth therein in relation to the basic financial statements taken as a whole.
